RESOLUTION SUPPORTING THE HUDSON VALLEY POWER AUTHORITY ACT (A02127/S02026) AND EXPRESSING THE TOWN'S INTENT TO PARTICIPATE IN THE DEVELOPMENT OF A PUBLICLY OWNED UTILITY SYSTEM

WHEREAS, the Hudson Valley Power Authority Act (A02127/S02026), sponsored by Sarahana Shrestha in the New York State Assembly and Michelle Hinchey in the New York State Senate, would establish the Hudson Valley Power Authority ("HVPA"), a public authority authorized to acquire and operate electric utility infrastructure, including the assets of Central Hudson, as a publicly owned, not-for-profit utility serving the residents and businesses of the Hudson Valley; and

WHEREAS, access to affordable, reliable, and resilient electric service is essential to the health, safety, and economic well-being of the residents, businesses, and local governments of the Hudson Valley; and

WHEREAS, the Town of Woodstock is a significant consumer of electric service and has witnessed the impact that rising energy costs have on residents, businesses, community institutions, and municipal operations; and

WHEREAS, the Town Board believes that public ownership of electric utility infrastructure offers an opportunity to enhance transparency, accountability, and public participation in decisions affecting energy rates, service quality, infrastructure investment, and reliability; and

WHEREAS, the Town Board further believes that public ownership would place this critical infrastructure under the oversight of a publicly accountable entity whose mission is to serve ratepayers and the public interest; and

WHEREAS, unlike an investor-owned utility, a publicly owned utility would not be required to generate profits for shareholders, allowing revenues to be reinvested into system improvements, infrastructure modernization, reliability, resiliency, customer service, and rate stabilization for the benefit of customers and communities throughout the region; and

WHEREAS, the proposed Hudson Valley Power Authority is intended to provide reliable service, reasonable rates, clear and understandable billing, support for clean energy development, community benefits, labor protections, and increased public accountability; and

WHEREAS, the Town Board recognizes the need for continued investment in electric infrastructure to meet future energy demands, improve system resiliency, and support the transition to a modern and sustainable energy system; and

WHEREAS, the Town Board believes that local communities should have a meaningful voice in the governance and operation of the electric systems upon which their residents and businesses depend; and

NOW, THEREFORE, BE IT RESOLVED, that the Town Board of the Town of Woodstock hereby supports passage of the Hudson Valley Power Authority Act (A02127/S02026) by the New York State Legislature and respectfully urges Governor Kathy Hochul to sign the legislation into law should it be adopted by the Legislature; and

BE IT FURTHER RESOLVED, that the Town of Woodstock supports the acquisition of Central Hudson by the Hudson Valley Power Authority for the purpose of establishing a publicly owned, not-for-profit electric utility operating under public oversight and accountability, with the interests of ratepayers and communities taking precedence over shareholder profit; and

BE IT FURTHER RESOLVED, that the Town of Woodstock expresses its willingness to participate in discussions, planning efforts, stakeholder engagement, and regional coordination activities associated with implementation of the Hudson Valley Power Authority should the legislation become law; and

BE IT FURTHER RESOLVED, that the Town Board encourages the development of an electric utility system that prioritizes affordability, reliability, resiliency, transparency, environmental stewardship, and responsiveness to the needs of Hudson Valley residents and businesses; and

BE IT FURTHER RESOLVED, that the Town Clerk is hereby directed to transmit copies of this Resolution to Governor Kathy Hochul, Michelle Hinchey, Sarahana Shrestha, the New York State Legislature, and such other elected officials and interested parties as deemed appropriate.
