Stream Stationing

The map displays an aerial view of the Sawkill Creek corridor. A blue line represents the stream, with stationing markers at 810+00, 815+00, 820+00, 825+00, 830+00, and 834+19.95. A red line indicates an exposed bank. Various symbols are placed along the stream: a purple circle for stream type change, a blue circle for a photo point, a yellow circle for channel bottom, a blue circle for clay exposure, a black circle for a dam, a black circle for a bridge, a black circle for an outfall, a blue circle for a tributary, a green circle for a bedrock point, a green circle for knotweed, and a red circle for miscellaneous points. The map is overlaid with a coordinate grid with X-axis values from 623500 to 627000 and Y-axis values from 1146000 to 1147500. A scale bar at the bottom indicates distances from 0 to 2,400 feet. A north arrow is located in the top right corner. Labels for roads include Sawkill Rd, Sawkill Ruby Rd, Parish Ln, Pawan Cir, Costanzi Dr, and Fording Place Rd.

Aerial photography was obtained from the NYS GIS Clearing House (April 2004)
Note: Mapping is in the New York State Plane East Zone
Coordinate System in US Feet, using North American Datum of 1983

A horizontal scale bar with alternating black and white segments, labeled with distances: 0, 300, 600, 1,200, 1,800, and 2,400 Feet.
