

PERMIT
Under the Environmental Conservation Law (ECL)

Permittee and Facility Information

Permit Issued To:
TOWN OF WOODSTOCK
45 COMEAU DR
WOODSTOCK, NY 12498
(845) 679-2805

Facility:
WOODSTOCK WATER DIST
ALONG RTE 375, BIRCH LN, DELISIO LN
WOODSTOCK, NY 12498

Facility Location: in WOODSTOCK in ULSTER COUNTY
Facility Principal Reference Point: NYTM-E: NYTM-N:
Latitude: Longitude:

Authorized Activity: This permit is a consolidation of all previously issued water withdrawal applications, authorizing a taking of up to 568,000 gallons per day (gpd) from Town Wells, in accordance with Condition No. 3 of this permit. Water from these approved sources may be supplied to the Town of Woodstock Water District, including extensions, outside district users as listed in Special Condition No.4.

This permit also has the following new authorization: **For Woodstock Water District Extension No. 6:** Extend Woodstock Water District to Yerry Hill Water Tank Properties, Bear Restaurant property, Woodstock School and Woodstock Golf Club located in Town of Woodstock and included within the Town of Woodstock Water District Boundary as shown on the Map referenced in Condition No. 5.

Permit Authorizations

Water Withdrawal Public - Under Article 15, Title 15

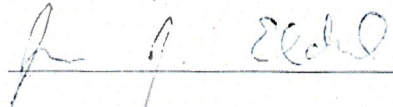

Permit ID 3-5158-00149/00003

New Permit	Effective Date: <u>6/10/2011</u>	Expiration Date: <u>No Exp. Date</u>
Modification # 1	Effective Date: <u>11/8/2011</u>	Expiration Date: <u>No Exp. Date</u>
Modification # 2	Effective Date: <u>7/14/2014</u>	Expiration Date: <u>7/13/2024</u>

NYSDEC Approval

By acceptance of this permit, the permittee agrees that the permit is contingent upon strict compliance with the ECL, all applicable regulations, and all conditions included as part of this permit.

Permit Administrator: JAMES J ELDRED, Deputy Regional Permit Administrator
Address: NYSDEC REGION 3 HEADQUARTERS
21 SOUTH PUTT CORNERS RD
NEW PALTZ, NY 12561 -1620

Miscellaneous Attachments - Not Otherwise Specified (Water District Map)

WATER WITHDRAWAL PUBLIC PERMIT CONDITIONS

- 1. Approval of Plans by NYS DOH** Contract plans and specifications, or changes thereto, for a public water supply system for which a permit has been issued by the Department are subject to review and approval by the Department of Health prior to the commencement of construction.
- 2. Approval of Completed Works from NYSDOH** The water withdrawal permittee shall submit to the Department a copy of the Approval of Completed Works issued by the Department of Health before the commencement of final operation of the water withdrawal system.

3. **Source Approval Table** This table summarizes all system source approvals:

Town of Woodstock W.D.						
Well Field or Source of Water Supply	Well No.	System	Status	WSA No.	Individual Estimated Source Yield	Maximum Permitted Well Field Yields or Supply of Water
Overlook Drive Well Field//Pump House No. 1	1	Town of Woodstock Water Supply System	Active	1780	75 (gpm)	108.000 gpd
	2		Active	1780	180 (gpm)	
Dixon Avenue Well Field/Pump House No. 2	1	Town of Woodstock Water supply System	Active	5320	70(gpm)	460.800 gpd
	2		Active	5320	70 (gpm)	
	3		Active	5320	56 (gpm)	
	4		Active	5320	64(gpm)	
	5		Active	5320	60(gpm)	
Total Approved						568.800 gpd

Dixon Ave

Overlook Dr

4. **Approved Water Service Areas** This table lists the permittee's approved water service areas:

WSA No	Service Area	Approved Date
1780	Woodstock Water District including Bearsville Road Extension No. 1	10/07/1947
3298	Woodstock Water District Extension No. 1-Woodstock Garden and Woodstock Heights	10/01/1957
3610	Woodstock Water District Extension No. 2- Extension to Woodstock Heights	05/12/1959
5320	Woodstock Water District Extension No. 3- Streamside Terrace	07/20/1967
9999	Woodstock Water District Extension No.4-Route 375 Corridor-Rotron Area	07/20/2000
11,479	Woodstock Water District Extension No.5 -Woodstock Commons	06/10/2011
11,479 Mod 1	Woodstock Water District Extension No.5 -Woodstock Commons	11/08/2011
11,479 Mod 2	Woodstock Water District Extension No.6 - Town of Woodstock Water District***	07/14/2014

*** The Town of Woodstock Water District, as shown on the attached map referenced in condition No. 5, includes all of the previously approved service areas, extensions and outside district users and existing unapproved outside district users. This WWP No. 11,479 Modification 2 supersedes all previously approved service area approvals.

- 5. Map of Approved Water Supply Service Area** The approved water service area of the Town of Woodstock Water District is shown on a map submitted with this application entitled, Map of Woodstock Water District, by Brinnier and Larios, P.C. and dated April 29, 2014 and which is attached to this permit.
- 6. No Distribution Beyond District Without Approval** Nothing contained herein shall authorize the permittee to distribute water to any water district extension or out of district user that has not already been approved by the Department or its predecessors without first obtaining a further permit from the Department.
- 7. Diminished Private Drinking Water Wells** The permittee shall make provisions to provide an adequate supply of water to those residents whose private drinking water wells are significantly diminished or rendered non-productive by the permittee's use of the sources of water supply approved by this permit.
- 8. Discharge of Chlorinated Water** The permittee shall ensure that water used for disinfecting water mains, storage tanks and other water system appurtenances, if discharged to area streams, has a free chlorine residual not exceeding 0.05 milligrams per liter (mg/l) at the point of discharge.
- 9. Protection of Facilities from Floods** The permittee shall ensure that all new construction directly related to this authorization complies with the standards imposed by the Town of Woodstock under provisions of the National Flood Insurance Program (NFIP).
- 10. Meter All Sources and Customers** The permittee must install and maintain meters on all sources of supply used in the system and on all customer service connections supplied by the system. Source master meters are to be read, and records kept of those readings on a weekly basis. At a minimum, customer service meters are to be read, and records kept of those readings, at least once per year. The permittee must maintain records of production (master meter readings) and consumption (service meter readings) for each calendar year.
- 11. Meter Calibration for Publicly Owned Systems** At least once every fifteen years, the permittee must have all of its small service connection meters (less than 1-inch in diameter) calibrated for accuracy according to standards of the American Water Works Association (AWWA). Larger service meters and all source meters must be calibrated more frequently, based upon the AWWA standards for the size of the meter used.
- 12. Leak Detection and Repair Program** The permittee must develop and implement a leak detection and repair program that uses sonic detection equipment to inspect its entire distribution system in a systematic fashion. At a minimum, this program must cover the entire system in a three-year cycle by inspecting at least one-third of the system each year. Whenever two consecutive annual water audits show that unaccounted-for water is 15% or less of system production, the leak detection and repair program may be modified to cover the entire system in a longer cycle.
- 13. Conduct Water Audits** At least once annually, the permittee must conduct a system-wide water audit that utilizes metered water production and consumption data to determine unaccounted-for water.

14. Permittee Must Maintain Records The permittee must retain records of production and consumption, reports of audit results, and summaries of leaks detected and repaired for at least ten years. The permittee must provide copies of such of these records, reports, and summaries as might be requested in writing by the Department within one month of receiving such a request.

15. Annual Water Withdrawal Reports The permittee must submit a Water Withdrawal Reporting Form to the Department's Division of Water, Albany, NY. by March 31st of each year. The form is available on the Department's website and includes information regarding approved sources of water supply, source capacities, average and maximum day water use data and water conservation and efficiencies employed during the past calendar year.

16. Permit Expiration and Renewal Any permittee who intends to continue to operate a water withdrawal system beyond the period of time covered in the applicable water withdrawal permit must apply for a renewal of the permit at least 30 days prior to its expiration.

17. Transfer of Ownership of Water Withdrawal Systems Unless otherwise specified in this permit, a new water withdrawal permit application is required for the acquisition or condemnation of the approved water withdrawal system.

18. Right to Rescind The Department reserves the right to rescind this permit or to take whatever action it may deem suitable and proper if the works authorized to be constructed herein are not initiated by June 1, 2015.

19. Minimize Erosion During any construction directly or indirectly associated with the activities authorized herein, the permittee shall make provisions to minimize erosion on the construction site and to prevent increased sedimentation in any water body on or adjacent to the site.

GENERAL CONDITIONS - Apply to ALL Authorized Permits:

1. Facility Inspection by The Department The permitted site or facility, including relevant records, is subject to inspection at reasonable hours and intervals by an authorized representative of the Department of Environmental Conservation (the Department) to determine whether the permittee is complying with this permit and the ECL. Such representative may order the work suspended pursuant to ECL 71- 0301 and SAPA 401(3).

The permittee shall provide a person to accompany the Department's representative during an inspection to the permit area when requested by the Department.

A copy of this permit, including all referenced maps, drawings and special conditions, must be available for inspection by the Department at all times at the project site or facility. Failure to produce a copy of the permit upon request by a Department representative is a violation of this permit.

2. Relationship of this Permit to Other Department Orders and Determinations Unless expressly provided for by the Department, issuance of this permit does not modify, supersede or rescind any order or determination previously issued by the Department or any of the terms, conditions or requirements contained in such order or determination.

3. Applications For Permit Renewals, Modifications or Transfers The permittee must submit a separate written application to the Department for permit renewal, modification or transfer of this permit. Such application must include any forms or supplemental information the Department requires. Any renewal, modification or transfer granted by the Department must be in writing. Submission of applications for permit renewal, modification or transfer are to be submitted to:

Regional Permit Administrator
NYSDEC REGION 3 HEADQUARTERS
21 SOUTH PUTT CORNERS RD
NEW PALTZ, NY 12561 -1620

4. Permit Modifications, Suspensions and Revocations by the Department The Department reserves the right to exercise all available authority to modify, suspend or revoke this permit. The grounds for modification, suspension or revocation include:

- a. materially false or inaccurate statements in the permit application or supporting papers;
- b. failure by the permittee to comply with any terms or conditions of the permit;
- c. exceeding the scope of the project as described in the permit application;
- d. newly discovered material information or a material change in environmental conditions, relevant technology or applicable law or regulations since the issuance of the existing permit;
- e. noncompliance with previously issued permit conditions, orders of the commissioner, any provisions of the Environmental Conservation Law or regulations of the Department related to the permitted activity.

5. Permit Transfer Permits are transferrable unless specifically prohibited by statute, regulation or another permit condition. Applications for permit transfer should be submitted prior to actual transfer of ownership.

NOTIFICATION OF OTHER PERMITTEE OBLIGATIONS

Item A: Permittee Accepts Legal Responsibility and Agrees to Indemnification

The permittee, excepting state or federal agencies, expressly agrees to indemnify and hold harmless the Department of Environmental Conservation of the State of New York, its representatives, employees, and agents ("DEC") for all claims, suits, actions, and damages, to the extent attributable to the permittee's acts or omissions in connection with the permittee's undertaking of activities in connection with, or operation and maintenance of, the facility or facilities authorized by the permit whether in compliance or not in compliance with the terms and conditions of the permit. This indemnification does not extend to any claims, suits, actions, or damages to the extent attributable to DEC's own negligent or intentional acts or omissions, or to any claims, suits, or actions naming the DEC and arising under Article 78 of the New York Civil Practice Laws and Rules or any citizen suit or civil rights provision under federal or state laws.

Item B: Permittee's Contractors to Comply with Permit

The permittee is responsible for informing its independent contractors, employees, agents and assigns of their responsibility to comply with this permit, including all special conditions while acting as the permittee's agent with respect to the permitted activities, and such persons shall be subject to the same sanctions for violations of the Environmental Conservation Law as those prescribed for the permittee.

Item C: Permittee Responsible for Obtaining Other Required Permits

The permittee is responsible for obtaining any other permits, approvals, lands, easements and rights-of-way that may be required to carry out the activities that are authorized by this permit.

Item D: No Right to Trespass or Interfere with Riparian Rights

This permit does not convey to the permittee any right to trespass upon the lands or interfere with the riparian rights of others in order to perform the permitted work nor does it authorize the impairment of any rights, title, or interest in real or personal property held or vested in a person not a party to the permit.

IMPORTANT NOTICE TO ALL PERMITTEES

The permit you requested is enclosed. Please read it carefully and note the conditions that are included in it. The permit is valid for only that activity expressly authorized therein; work beyond the scope of the permit may be considered a violation of law and be subject to appropriate enforcement action. Granting of this permit does not relieve the permittee of the responsibility of obtaining any other permission, consent or approval from any other federal, state, or local government which may be required.

Please note the expiration date of the permit. Applications for permit renewal should be made well in advance of the expiration date (minimum of 30 days) and submitted to the Regional Permit Administrator at the above address. For SPDES, Solid Waste and Hazardous Waste Permits, renewals must be made at least 180 days prior to the expiration date.

- Applicable only if checked.** Please note all work authorized under this permit is prohibited during trout spawning season commencing October 1 and ending April 30.

The DEC permit number & program ID number noted on page 1 under "Permit Authorization" of the permit are important and should be retained for your records. These numbers should be referenced on all correspondence related to the permit, and on any future applications for permits associated with this facility/project area.

If a permit notice sign is enclosed, you must post it at the work site with appropriate weather protection, as well as a copy of the permit per General Condition 1.

If the permit is associated with a project that will entail construction of new water pollution control facilities or modifications to existing facilities, plan approval for the system design will be required from the appropriate Department's regional Division of Water or delegated local Health Department, as specified in the State Pollutant Discharge Elimination System (SPDES) permit.

If you have any questions on the extent of work authorized or your obligations under the permit, please contact the staff person indicated below or the Division of Environmental Permits at the above address.

James J. Eldred
Division of Environmental Permits, Region 3
Telephone (845) 256-3059

- Applicable only if checked** for **STORMWATER SPDES INFORMATION**: We have determined that your project qualifies for coverage under the General Stormwater SPDES Permit. You must now file a Notice of Intent to obtain coverage under the General Permit. This form can be downloaded at: <http://www.dec.ny.gov/chemical/43133.html>

Applicable only if checked - MS4 Areas: This site is within an MS4 area (Municipal Separate Storm Sewer System), therefore the SWPPP must be reviewed and accepted by the municipality. The MS-4 Acceptance Form must be submitted in addition to the Notice of Intent.

Send the completed form(s) to: NYS DEC, Stormwater Permitting, Division of Water, 625 Broadway, Albany, New York 12233-3505

In addition, DEC requests that you provide one electronic copy of the approved SWPPP directly to NYS DEC, 100 Hillside Avenue - Suite 1 W, White Plains, NY 10603-2860.
