## PROJECT DETAILS – REVISED PRICE

---

Customer: Town of Woodstock – 30 Oriole Drive, Woodstock NY

---

## PROPOSED SERVICES

---

- Proposed work includes:
  - Install temp haul road on side of the house (opposite from the driveway) to allow access for import of material. (145LF)
  - Excavate and move to the downhill side, all material existing from the absorption trench line towards the back yard. Remove this material down to the native virgin ground. Creating space for new material.
  - Import approximately 400cy of fresh septic bank run gravel. Building out the existing bank towards the back yard.
  - Install up to 4 – 60LF runs of 4" perf pipe and stone for absorption field. (run lengths will vary due to field conditions but aim to be 60LF).
  - Topsoil, seed and mulch disturbed areas.
  - Relocate homeowner's woodshed.

---

## COST AND PAYMENT SCHEDULE

---

Total Proposal Cost: \$43,450.00 (Forty-Three Thousand Four Hundred Fifty Dollars and Zero Cents)

Payment: 50% deposit is required prior to starting work. The remaining balance is to be billed out as progress continues. Final payment is due upon completion.

---

## TERMS AND CONDITIONS

---

- 1) Rock Clause: There is no amount included for rock demolition in this proposal at this time. If Bedrock is encountered there will be additional costs to the owner.
- 2) Eberhardt Excavation will maintain standard insurance coverage throughout the work.

- 3) Eberhardt Excavation is installing material as directed by Town of Woodstock and are not held liable for Engineers approval or BOH approval of installed changes to the system. Nor will they be held liable for any other system failures.
- 4) Eberhardt Excavation, LLC reserves the right to cancel this agreement or revise the same if, during performing this work, unforeseen circumstances arise which would require the use of additional equipment, material or man hours not previously included in this proposal.
