

ANDREW G. TAYLOR
L.S. 1001

Copyright 2001, Thomas and Lovell, P.C. All Rights Reserved.

Map created for use in connection with a survey of the property of the Town of Woodstock, New York, and the New York State Education Law.

Any errors on the map are the responsibility of the surveyor and not the client. The client is advised to check the map against the original field notes and plans.

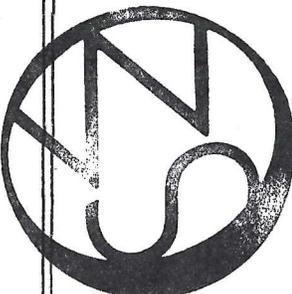

Conventions followed between sheets are as follows: 1. Dotted lines are used to show the location of the property lines. 2. Solid lines are used to show the location of the survey lines. 3. Dashed lines are used to show the location of the proposed lines. 4. Solid lines with arrows are used to show the location of the proposed lines. 5. Dotted lines with arrows are used to show the location of the proposed lines.

The location of underground structures or encroachments, if any, is not shown hereon, and is not warranted.

This map should be used in connection with a survey of the property of the Town of Woodstock, New York, and the New York State Education Law.
